PRESENTED BY
RETAIL & HOSPITALITY
ISAC

SEPTEMBER 15 - 16, 2020
LANSDOWNE RESORT AND SPA
LEESBURG, VA

REGISTER NOW

Join the RH-ISAC for a private, two-day event that brings together top cybersecurity leaders and teams representing the most prominent retail and hospitality organizations including retailers, restaurants, hotels, gaming casinos, food retailers, consumer products, and other consumer-facing companies.

The RH-ISAC Cyber Intelligence Summit features a member-driven agenda including sessions delivered by thought leaders, experts from the provider community, collaborative discussions, and exceptional networking opportunities. This year we'll have more than 20 breakout sessions and six keynotes where the best and brightest in retail and hospitality cybersecurity are sharing insights and leading interactive discussions. Strategic leaders and cybersecurity practitioners attend this unique event tailored for our industries for:

- **Unparalleled Content** – Enjoy sessions developed by your peers from the most recognized brands in the world, the content hits the mark on the issues and challenges you're facing.
- **A-Class Networking** – Connect with old friends and add new ones to your network. This event brings together the who's-who of retail and hospitality information security.
- **Meet Top Rated Suppliers** – Talk with key solution providers in a more intimate setting than a huge expo hall. The number of sponsors is kept low to allow for more meaningful discussions.

This is the "can't miss" event for cybersecurity professionals from the retail and hospitality industries. We look forward to seeing you in Virginia on September 15-16, 2020.
